As a blend of development and commercial banking we provide our clients with a full range of service to help them grow their assets and net worth. We place particular emphasis on small business composed of quality assets and steady and sustainable growth. We offer term loans to clients, especially to develop small and medium scale enterprises. We also provide full-fledged commercial banking services like collection of deposits, short term trade finance, working capital finance in processing and manufacturing units and financing and facilitating international trade.

We attach special importance to technical and advisory support to small and medium scale industries in order to enable them to run their enterprises smoothly.

Micro Credit to the urban poor through linkage with NGOs with a view to facilitate their access to the formal financial market for the mobilization of resources is another diversification of our services.

We provide an environment in which our staff members feel free to exercise their initiative and judgment within a clearly established framework. Our Bank is the leader in offering excellent career opportunity in transparent and participative management culture.

Coping with the competitive and rapidly changing financial market of the country, BASIC Bank maintains close connections with its clients, the regulatory authorities, the shareholders (the Government of Bangladesh), other banks and financial institutions.

We attach special importance to technical and advisory support to small and medium scale industries in order to enable them to run their enterprises smoothly.

Paying Homage to the Father of Nation

Mr. Sheikh Abdul Hye Bacchu Honourable Chairman of BASIC Bank

Message from the Chairman

Dear Shareholders and Friends,

On behalf of the Board of Directors, management and staff, I greet you with enthusiasm and sincere gratitude for your commitment towards the progress of BASIC Bank Limited. Despite the competitive environment, our Bank ended the year 2011 in a stronger position, and we were able to deliver good returns to our shareholders.

Loan and deposit growth rates were healthy at 23 percent and 27 percent respectively. Profit before provision for the 12 months was a record Taka 2349 million, up 37 percent from 2010, representing earnings per share of Taka 41.40. Our capitalization stood at 8.68 percent for Tier-I and 10.13 percent for total capital, comfortably above prescribed levels of 5 percent and 10 percent respectively.

However, there remain uncertainty and volatility for the year ahead on the broader global financial and economic fronts. Risks include still-high unemployment in the US, weak consumer demand, the spillover of the Euro zone crisis, higher oil and gas prices, plunging commodity prices, and high volatility in worldwide capital, stock and currency markets. These factors are all contributing to the formidable challenges facing us in 2012 although Bangladesh has so far been proved to be insulated since the crises began in 2008. Encouragingly, BASIC Bank remains well capitalized and ready to respond to both challenges and opportunities as they arise.

Nationally, we are steadfastly expanding our branch network. Since the begining of 2011, we added 15 new branches bringing our total network to 49 branches. We have planned to raise this number to 75 by end of this year excluding 5 overseas branches which are yet on the card.

BASIC Bank Limited is known for more than just lending money and accepting deposits. Our officers always take a personal interest in our customers and in the communities we serve. We are relationship-driven and therefore, personalized service will always be the cornerstone of our Bank.

Finally, on behalf of the Board of Directors, I would like to express my gratitude to all our customers, shareholders and business partners for their patience, understanding and consistent support for BASIC Bank. In particular, I would like to thank our staff and executives, who rose to the occasion with courage and determination, and ultimately made the year such a success.

Sheikh Abdul Hye Bacchu Chairman

Mr. Sheikh Abdul Hye Bacchu Chairman BASIC Bank Limited Dear shareholders, the report of the Directors starts by reviewing the World economy during the past year 2011 and then briefly provides you an update of current forecasts, then a concise discussion on the features and forecasts of dangladesh economy followed by the Bank's main activities and achievements during the reporting year and future strategies.

Global Economic Scenario

As a direct result of the 2008 financial crisis, the story of 2011 has been one of gradual slowdown, initially, due to temporary factors like the Japanese earthquake and the pick-up in inflation resulting from rising commodity prices, which squeezed real incomes and weakened growth. A somewhat bigger problem that emerged in the last half of 2011 was the eurozone debt crisis began to spiral out of control. The year 2011 ended with the eurozone heading into a serious recession in 2012 and facing a fall in GDP of 2%, something that is likely to have a knock-on effect on the wider European region, including the UK and to a lesser extent the rest of the world.

The International Monetary Fund (IMF) in its World Economic Outlook update released on January 24, 2012 summarized that "The global recovery is threatened by intensifying strains in the euro area and fragilities elsewhere. Financial conditions have deteriorated, growth prospects have dimmed, and downside risks have escalated. Global output is projected to expand by 3¼ percent in 2012."

The main reasons are the expectation that the euro area economy is about to go into a mild recession in 2012 as a result of the rise in sovereign yields, the effects of bank deleveraging on the real economy, and the impact of additional fiscal consolidation. It is also expected that the growth in emerging and developing economies would slow because of the worsening external environment and a weakening of internal demand. The overview of the World economic outlook projections as incorporated in the report are as follows:

| Percentage change | Real GDP o | Real GDP growth rate | | |
|---|------------|----------------------|--|--|
| assuming constant real effective exchange rates | 2011 | 2012 | | |
| World Output | 3.8 | 3.3 | | |
| Advanced Economies | 1.6 | 1.2 | | |
| United States | 1.8 | 1.8 | | |
| Euro Area | 1.6 | -0.5 | | |
| Japan | -0.9 | 1.7 | | |
| Newly Industrialized Asian Economies | 4.2 | 3.3 | | |
| Other Advanced Economies | 3.3 | 2.6 | | |
| Emerging and Developing Economies | 6.2 | 5.4 | | |
| Central and Eastern Europe | 5.1 | 1.1 | | |
| Developing Asia | 7.9 | 7.3 | | |
| Middle East and North Africa | 3.1 | 3.2 | | |
| Sub-Saharan Africa | 4.9 | 5.5 | | |
| Commonwealth of Independent States | 4.5 | 3.7 | | |

It is believed that the global economy would face three key risks in 2012: first an oil price shock from supply disruptions in the Middle East, second the euro zone sovereign debt problems and lastly, China's real estate market downturn.

Bangladesh Economic Scenario

The Bangladesh economy, a rapidly developing market-based economy which has been positioned among the Next Eleven or N-11 of Goldman Sachs and D-8 economies, has performed better than many others in Asia due to its lack of integration with global financial markets as well as the nature of its garment and labor exports. The economy has grown at the rate of 6 - 7% per annum over the past few years.

The Asian Development Bank (ADB) in its Bangladesh Quarterly Economic Outlook released in September 2011 stated that Bangladesh attained a respectable 6.7% growth in gross domestic product (GDP) in FY2011 aided by conducive policies, strong export growth, and favorable weather. However, with the start of FY2012 the economy experienced few major macroeconomic challenges, mainly the inflationary pressures, which steadily built up throughout FY2011 and intensified gradually later on. According to the monthly Economic Trends released by Bangladesh Bank in March 2012, the annual rate of inflation increased

to 10.96 percent at the end of February 2012 from 8.21 percent at the end of February 2011.

Real GDP increase for Bangladesh is currently projected by the IMF at 6.3 % in FY12, driven by still-strong garment exports, a firming up of remittances inflows, and better electricity supply. The headline inflation rate is projected approaching down modestly by end-fiscal year, mainly due to additional moderate expected increases in world commodity prices. It is believed that Bangladesh will remain fairly insulated from a world increase slowdown.

Our Bank: A Bird's Eye View

The year 2011 was a year of consolidation for BASIC Bank Limited. Regardless of the market challenges and the lowest interest rates, the Bank performed well during a testing period for the financial services sector. This past year was a year during which we further strengthened our Bank in several ways which will help position us well for future growth.

The total assets of the Bank stood at Taka 78032 million at the end 2011 against Taka 61569 million in the previous year. Deposit increased to Taka 62651 million in 2011 from Taka 49260 million in 2010 registering a growth of 27 percent. Loans and advances also increased to Taka 56885 million as on December 31, 2011 against Taka 46342 million at

Board of Directors

the end of 2010, recording a growth rate of 23 percent compared to 58 percent in the previous year. The Bank was cautious in maintaining loan deposit ratio in compliance with guidelines of the regulatory authority.

All-out efforts were made to improve the recovery rate and control non-performing loans and advances. The proportion of non-performing loans to total loans stood at 4.38 percent in 2011 compared to 4.83 percent in 2010. Emphasis given on the maintenance of quality of assets remained the centerpiece of the Bank's business strategy.

Growth of industrial finance was moderate and loans to small industries were 33.43 percent of total loans and advances, which registered a growth of 40.18 percent. The Bank was quite successful to utilize its fund satisfying all conditionality and national priorities. The Bank also successfully utilized a soft term fund of Asian Development Bank under Bangladesh Agribusiness Project and special agro-based industrial development fund provided by the Government of Bangladesh.

Since the inception of the Micro-credit Scheme in 1994, the Bank has been providing funds to NGOs for on-lending to their members. Total outstanding in micro-credit of the bank stood at Tk. 835.40 million at the end of the year under review.

The Bank's financing of import business increased to Taka 47088 million in 2011 from Taka 42206 million in 2010 registering growth rate of 12 percent. On the other hand, Bank's export finance increased to Taka 33061 million in 2011 from Taka 23999 million in 2010.

Profit before provision of the Bank rose at Taka 2349 million in 2011 against Taka 1717 million in 2010. Profit after provision for loan loss and investment increased to Taka 2000 million in 2011 against Taka 1325 million in 2010. After tax net profit stood at Taka 976 million in 2011 compared to Taka 661 million in 2010.

Branch Expansion

From the very outset the Bank was slow but steady in expanding its Branch network. But in 2009, the Board of Directors felt that this strategy would fall the Bank in back while competing the others. So, the Bank took massive program to expand it Branches and opened 11 Branches within 2011 and 4 Branches during first quarter of 2012. Presently, the Branches of the Bank stood at 49 and the Bank eyes to raise this number to 75 by end of 2012. It is worth mentioning here that the Bank has a program to open Branches in overseas.

The Bank was able to maintain the confidence of investors and depositors while providing a lucrative return to the Government, the sole shareholder of the Bank.

A Focus on Core Customers

While we have focused on new areas, we have not taken our eye off of our bread and butter - the small- and medium-sized customers who walk into our branches every day. Since our day one we placed utmost care to make sure that we were very good at the basics of serving these customers - dedicating at least 50 percent of the Bank's loanable fund to their needs.

Technology

BASIC Bank Limited continues to adopt banking technology to ensure that it is capable of supporting development of products and services to effectively meet customer needs. The ultimate aim is to enable customers to manage financial transactions safely and conveniently in the place, at the time, and in the form that they prefer.

The Bank attaches great importance to acquisition and use of appropriate information technology. Computers are being used in the Bank for its day-to-day operations since inception. All the Branches of the Bank are connected with each other, the Head Office and the Data Center through Wide Area Network (WAN). The Bank is always striving to meet

the complex dynamic needs of its customers, and technology is playing an important role regarding this. The Bank had its own Banking Software developed in 1991 which was replaced by a Centralized Online Banking System to further enhance customer care and increase employee efficiency. All the Branches and the Head Office of the Bank have been brought under Centralized Online Banking operation. To enhance the performance and to ease the day-to-day operations, the Bank is using different software developed by its own Software Engineers and is continuously pursuing its efforts in using new software.

The Bank provides money transfer services to its customers as well as non-customers through all of its Branches using the facilities of Western Union. The Bank is also successfully participating both in Bangladesh Automated Cheque Processing System (BACPS) and Bangladesh Electronic Fund Transfer Network (BEFTN) operations under Bangladesh Automated Clearing House (BACH) of Bangladesh Bank.

The Bank is a member of the Q-Cash shared ATM and POS network. At present, debit card holders of the Bank can carry out transactions through more

than 600 ATMs of Q-Cash network of which several ATMs have been set up by the Bank itself in suitable locations. Expansion of Bank's ATM network is going to take place soon. Moreover, the Bank is going to launch Internet Banking operations shortly and is also going to introduce Mobile Banking operations, which has already been approved by the Board. The Bank has also taken initiatives to automate different operations, approval process, document management system etc.

In order to carry out banking operations in case the Data Center of the Bank becomes inoperative or inaccessible a Disaster Recovery Site (DRS) has been set up by the Bank.

Capital structure and ratios

At the end of the year 2011 Bank's capitalization stood at 8.68 percent for tier 1 and 10.13 percent for total capital against the total risk weighted assets exceeding the required minimum levels of 5 percent and 10 percent respectively. Thus the Bank was able to maintain the confidence of investors and depositors while providing a lucrative return to the Government, the sole shareholder of the Bank. Details of the capital structure were as follows:

BASIC Bank has a well-diversified pool of human resources with high academic background.

Dividend

In maintaining the competitive edge and creating a strong financial base the Board of directors decided to improve its equity by issuing bonus shares to its existing shareholders and accordingly, pleased to propose to its sole shareholders, the Ministry of Finance, subject to approval of the Annual General Meeting, 1 (one) bonus share against each 4 (four) shares amounting to Tk. 589.39 million.

The Board

I want to acknowledge the continued support of my fellow Directors, who have devoted themselves diligently to their Board duties during the period. We are fortunate in the mix of skills and experience that is represented on the Board. The increasing complexity of the corporate governance environment has added significantly to the responsibilities placed on Directors. These skills continue to be of great value to me and to Bank management.

During the reporting year no Director retired from the Board. On the other hand, Mr. Kazi Faqurul Islam, Managing Director joined the Board and he has already proved to be a valuable addition.

Audit Committee of the Board of Directors

The Audit Committee of the Board of Directors consists of five directors namely, Mr. Shakhawat Hossain, Mr. Jahangir Akhand Salim, Mr. Shubhashish Bose, Prof. Dr. Kazi Akhtar Hossain and Mr. Md. Anwarul Islam, FCMA. The Committee reviewed the financial statements of the Bank from time to time and made significant contribution to the development of internal control system for conducting banking operations efficiently and in a

disciplined manner. The Committee met three times during the reporting year.

Human Resources

Human capital development is an integral part of our business success and therefore, our Human Resources Division plays a key partnership role in supporting the overall business direction of the Bank. Accordingly, we have recognized competency-based recruitment, training and performance management systems, and we have a strong focus on providing leadership skills and succession planning to build a solid foundation for the future.

The Bank's ongoing success speaks to the excellence of its team. BASIC Bank has a welldiversified pool of human resources with high academic background. There is also a positive demographic characteristic - most employees are comparatively young in age yet rich in experiences. BASIC values its employees' strong work ethic, deep loyalty to the Bank, and dedication to helping their customers, communities and each other. I thank them for their outstanding contributions to the performance of the Bank.

In an increasingly competitive market for highly skilled staff, we are focusing on providing a stimulating corporate environment and attractive compensation packages. This facilitates challenging career opportunities and avenues for improvement. The Bank attaches a great importance to human resources and recruits regularly fresh graduates with outstanding academic achievements. At the end of the year under review total employee strength was 1132.

Strategic Priorities

BASIC Bank has been strongly positioned in recent years to take up the opportunities of a growing and transforming Bangladesh marketplace. Our strategy is to serve the full value chain of customers in our operations, from the most basic to the most sophisticated of financial services needs, and to maintain high standards of customer service and cost-effective delivery channels. High standards of

customer service must rank as the ultimate differentiator in the banking industry and we would apply ourselves, as we did in previous years, with great commitment to this important task in 2011. Apart from this, our strategic priorities would include:

- Total Business Banking;
- Technological Advancement;
- Operational Excellence;
- Trust and Team Spirit; and
- Profitable Growth.

Acknowledgement

The preceding discussions indicate that the Bank has continued to succeed in attaining satisfactory results in the face of an ever more competitive market, thanks to the collective efforts made by the Bank's management, employees, clients and well-

The Board extends its gratitude to Bangladesh Bank, Bank and Financial Institutions Division, Ministry of Finance, Ministry of Industries, Bangladesh Small and Cottage Industries Corporation and Prime Minister's Office for their cooperation in making the year's operation a success. The Board also thanks the NGOs working with BASIC Bank in expanding the micro credit program in its efforts towards active participation in national poverty alleviation program.

Economic Value Added (EVA) statement

for the year ended 31 December 2011

Economic Value added(EVA) is the most recent innovation in measuring corporate performance. It is also the best measure of a firm's intrinsic value and the best tool of measuring Management and Owners' interest. The EVA is an estimate of the amount by which earnings exceed or fall short of the required minimum return for shareholders or lenders at comparable risk.

ANNUAL REPORT 2011

Management Commentary

Mr. Kazi Faqurul Islam Managing Director BASIC Bank Limited

During 2011, Bank also maintained its consistent progress. Its unique emphasis on credit quality and customer's services yielded the desired growth in profit, capital, assets and shareholders' value.

The year 2011 was yet another successful year for BASIC Bank Limited. During the year the bank also maintained its consistent progress. Its unique emphasis on credit quality and customer's services yielded the desired growth in profit, capital, assets and shareholders' value. We were able to muster adequate resources, both financial and human, which fostered such remarkable achievement. Years ahead will witness the Bank's growing commitment in maintaining the highest standard in all its spheres of activities.

1. Performance of the Bank

1.1 Property and Assets:

At the end of the year 2011, total assets of the bank stood at Taka 78,031.73 million against Taka 61,569.39 million in previous year registering an increase by 26.74 percent. This increase of assets was possible due to increase in investments and loans and advances to clients with economically viable projects financed out of our increased deposits mobilized throughout the year. As planned, loans and advances comprised the largest share in the assets portfolio of the Bank constituting 72.90 percent. Investment and Cash were the second and

third largest constituents being 12.17 percent and 6.00 percent of the assets portfolio respectively. Money at Call and Short Notice were 2.87 percent of total assets.

1.1.1 Cash in hand and balance with Bangladesh Bank and its Agent:

The amount of cash in hand and balance with Bangladesh Bank and its agent was increased to Taka 4682.11 million in 2011 from 3,057.37 million in 2010 registering an increase of 53.14%. The increase was due to enhanced requirement for maintaining Cash Reserve Ratio (CRR) resulted from increase of deposit in 2011 than that of 2010 and increased CRR requirement by Bangladesh Bank from 5.50% to 6.00% in December 2010. CRR was maintained adequately.

1.1.2 Balance with Other Banks and Financial Institutions:

The balance with other banks and financial institutions was decreased by 22.87% to Taka 2,026.74 million from Taka 2,627.44 million in previous year. Such decrease was the resultant effect of increase in Loans and Advances and balance with Bangladesh Bank and its agent, which also directly caused to the decrease of term placement with other banks and financial institutions. Keeping bank's deposit with other banks without investment was discouraged by the regulatory authority. So the step was taken to reduce balance with other banks and invest more fund in normal banking activities in accordance with the observations and recommendations of the Central Bank

1.1.3 Investment:

Investment mainly in approved securities at the end of 2011 was Taka 9,494.08 million, compared to Taka 6,676.43 million in previous year showing a growth of 42.21% over last year. The investment was increased due to investment of more funds in Treasury Bonds to meet SLR requirement. Investment was concentrated in long term approved securities such as Government Treasury Bonds. During the year 2011 Treasury Bond had the largest share (97.13%) in the investment portfolio. Debentures, shares in listed and unlisted

companies and prize bond altogether constituted 2.87 percent.

1.1.4 Money at Call and Short Notice:

This was an important area of treasury operation of the bank. Money at Call and Short Notice was Tk.2,240.00 million in 2011 compared to Tk. 250.00 million in 2010. The amount of placement was made with different Banks and Fls.

Since inception BASIC Bank has been paving income tax to the Government progressively and so far it paid Taka 5987.61 million to the Government exchequer by way of corporate tax.

1.1.5 Fixed assets and other assets:

At the end of 2011 the fixed assets were increased to Taka 364.46 million from Taka 283.12 million in 2010 with a growth of 28.73 percent whereas the other assets were increased to Taka 2,339.57 million from Taka 2,315.51 million in the previous year. Fixed assets include vehicles, equipment and computer, furniture and fixtures and leased assets. On the other hand, other assets included interest receivable from term placement, advance against acquisition of premises under construction for Head Office and Main Branch and payment for purchase of premises for Banani Branch, advance income tax, stock of stationery, security deposits, sundry debtors, deferred tax and suspense

1.1.5.1 Acquisition of Premises for Head Office and Main Branch:

BASIC Bank Limited has been in operation for 23 years through rented premises with its 45 Branches and Head Office. As per Board's approval

Management of the Bank had entered into an agreement with M/s. Business Resources Limited and Mr. Sinku A Zaman to purchase floor spaces for Head Office and Main branch of the Bank measuring 51,500 sft in the ZAMAN BASIC TOWER at 10/1 Toyenbee Circular Road, Motijheel, Dhaka at a cost of Taka 800.00 million which was scheduled to be completed within 30.03.2013. Initially BASIC Bank Limited had made an advance payment of Taka 400.00 million and subsequently another Taka 66.70 million was also paid and the remaining amount to be paid in installments.

The Bank had also purchased floor space measuring 7400 sft in the 2nd Floor of Prashad Trade Center (PTC) at 6, Kamal Ataturk Avenue, Banani, Dhaka at a cost of Taka 19.98 crore out of which Taka 16.00 crore had already been paid and the remaining would be paid at the time of registration. Bank has already opened its Banani Branch there.

1.1.6 Loans and Advances :

Loans and Advances consist of Industrial Loans, Commercial Loans, Micro Credit, Small Enterprise Financing, Loan for Women Entrepreneurs, Agrobased Industry Financing and Agricultural Loan, Bills etc. which were increased by 22.75 percent to Taka 56,884.76 million in 2011 compared to Taka 46,341.51 million in 2010. This increase was resulted from expansion of our business in response to the growth of national economy.

1.1.7 Industrial Loans:

The industrial loan reflected growth of 19.96 percent over the previous year. Total outstanding industrial loans including term loan and working

capital stood at Taka 33,323.05 million at the end of 2011 compared to Taka 27,777.89 million of 2010. Total outstanding of Term Loan stood at Taka 14,731.97 million as on December 31, 2011 compared to Taka 12,225.49 million in 2010 reflecting a growth of 20.50 percent. The outstanding working capital finance extended to industrial units stood at Taka 18,591.03 million at the end of the reporting period compared to Taka 15,552.40 million in 2010 reflecting a growth of 19.54 percent. BASIC Bank's services are specially directed towards promotion and development of small and medium industries. Its exposure to small and medium industries sector accounted for 54.67 percent of the total loanable fund. During the year a total of 101 projects were approved term loan. As on 31 December 2011, total 973 projects were in the portfolio of the bank. The textile sector including garments being one of the major contributors to national economy dominated the loan portfolio of the Bank. Financing in other sectors include agrobased industry like poultry, engineering; food and allied industries; chemicals, pharmaceuticals and allied industries; paper, board, printing and packaging; and other non-metallic goods, leather and jute products.

1.1.8 Commercial Credit:

The Bank also continued support in developing trade, general business and other commercial activities in the country which covers the full range of services such as cash credit, work order financing, secured overdraft etc. As on December 31 2011, total outstanding commercial loans stood at Taka 22,727.40 million compared to Taka

16,915.32 million in 2010 reflecting a growth of 34.36 percent.

1.1.9 Financing to Agro-based Industries:

BASIC is also actively involved in financing agrobased industries. It has been utilizing the Govt. fund "Government's Agro-based Projects Financing Scheme" as well as it's own fund to finance agro-based projects and so far helped setting up a total of 152 projects with Tk. 2391.80 million which have been running successfully.

1.1.10 Bank's role in Micro Credit Financing:

From the view point of corporate social responsibility BASIC Bank since it's inception continued to concentrate on reaching credit to the poor section of the society by bringing them under the credit net of the bank through NGO linkage or its own channel and exerted efforts to improve their living standard on a sustainable basis.

BASIC is the only bank among the scheduled banks of Bangladesh which can boast of pioneering micro credit through NGO linkage which became an

BASIC is working with more than 50 NGO/MFIs as copartner and distributed credit amounting Taka.3243.80 Million to the poor section of the society through MFIs which benefits near about 3,28,762 people who had opportunity to address their economic hardships.

exemplary instance to other that two type of institution can work jointly to help eradicating poverty through micro credit operation.

BASIC is working with more than 50 NGO/MFIs as co-partner and distributed credit amounting Taka.3243.80 million to the poor section of the society through MFIs which benefits near about 3,28,762 people who had opportunity to address their economic hardships. Majority of these people are the women who particularly had no formal source of fund. Here it is observed that the recovery percentage is also very much high in the micro credit among these segments of the society.

BASIC's Micro Credit program covers self-initiated small scale enterprises at micro level, crops production, small trading, agricultural production and marketing, fish culturing, cow fattening, poultry, establishment of cottage industries and many others alike.

Apart from this, BASIC is working with GoB as one of the implementing agents for implementing different agri-farming and business development project namely Bangladesh Agribusiness Development Project (BADP) & Second Crop Diversification Project (SCDP) funded by Asian Development Bank (ADB) with the object to eradicate poverty and increase income of the rural people through internationally reputed local MFIs and so far disbursed Taka 1300.00 million upon receipt of fund from ADB.

At the end of 2011, total amount of Taka 835.39 million remained outstanding as against Taka 988.72 million in 2010. Recovery rate during this period remained at a highly satisfactory level of 89.31 percent (approx).

1.1.11 Non-performing loan:

The Bank was able to keep its classified loans and advances within the acceptable industry standard of 5% which was possible for prudent exercise of credit policy along with recovery efforts. Relative figure of classified (non-performing) loans and advances remain stable at 4.38 percent at the end of the year. A total recovery of Taka 1297.61 million in the year under review was also possible. Additional provision made in 2011 was Taka 348.53

million against classified and unclassified loans and advances and off-balance sheet exposure. Total cumulative provision made for loans and advances and off balance sheet exposures amounted to Taka 1646.73 million as on December 31, 2011. During the year 2011 an amount of Taka 83.74 million was recovered against written-off loans.

1.2 Liabilities and shareholders' equity

1.2.1 Deposit:

Deposit is the life blood of a bank. Deposit constitutes the core of BASIC Bank's fund mobilization. Total deposit of the Bank at the end of 2011 stood at Taka 62,650.73 million (80.29% of Total liabilities) compared to Taka 49,259,60 million (86.28% of Total liabilities) in 2010. Total amount of deposit was increased by 27.18 percent. The increase of deposit was a result of all out effort exerted by the management and the employees for mobilization of individual and corporate deposit. During 2011, the Fixed Term and SND deposit was Taka 56,978.59 million against Taka 42,447.22 million in 2010 registering a growth of 34.23 per cent. Savings bank deposit increased to Taka 1,496.28 million in 2011 compared to Taka 1,328.22 million in 2010. Deposit in current and other accounts including bills payable was Taka 3,989.92 million compared to Taka 5,481.16 million in 2010.

1.2.2 Borrowing:

Borrowings were made from various sources for long term funding specially for financing development-banking activities. The Bank enjoys a credit line facility from KFW, a German development bank for financing micro-credit scheme and small-scale industries. Another loan with outstanding balance of Taka 1,294.45 million as on 31.12.2011 was also received from ADB for financing Agro business development, Ministry of Finance (GOB) and Bangladesh Bank are the main source for accumulating fund. An amount of Tk 1,123.44 million (including accumulated interest) was allocated by the GOB and disbursed to BASIC Bank to finance Agro-based industry. BASIC was included in this scheme for its outstanding performance. The fund received from Bangladesh Bank under House Building Refinance Scheme was Tk.113.86 million as on the reporting date which was disbursed in full to the eligible people to purchase flats or to construct house thus to relieve them from their residential problem.

1.2.3 Equity:

The bank started its journey with paid-up capital of Tk. 80.00 million in 1989 and the same was increased to Taka 2,357.58 million at the end of 2011. The Board of Directors of the Bank had approved issuance 1 bonus share for every 4 shares amounting to Tk. 589.39 million and the paid-up capital of the bank would thus be raised to Taka 2,946.97 million if the proposed bonus share is approved by shareholders. Due to Bangladesh Bank instruction for maintaining sufficient capital against risk weighted assets under Basel-II guidelines, no cash dividend has been proposed this year. However, the bank has so far paid cash dividend of Tk 537.99 million to the Government.

1.2.4 Statutory reserve:

As per section 24 of the Bank Company Act-1991, 20% of profit before tax was transferred to statutory reserve. Hence, the statutory reserve of the bank will stand at Taka 2,224.69 million after transfer of an amount of Taka 399.99 million from the profit of 2011.

1.2.5 Shareholders' Equity:

Shareholders' equity of the Bank would increase by Taka 1,007.31 million to Taka 5,481.75 million in 2011 from Taka 4,474.44 million in 2010 registering a sustainable growth rate of 22.51 percent. Starting from Taka 80.00 million the shareholders equity has already reached Taka 5481.75 million from profit in 22 years of operation which is a tremendous growth of 6751%.

1.3 Operating results:

1.3.1 Income:

The Bank's total income was Taka 8,825.22 million in 2011 compared to Taka 6,120.53 million in 2010. Interest income from loans and advances was increased to Taka 7,099.00 million in 2011 from Taka 4,337.04 million in 2010. Average yield on lending was 12.74%. Income on investment was increased to Taka 751.63 million in 2011 against Taka 651.52 million in 2010 while other operating income and

profit from sale of shares was Taka 189.23 million in 2011 against 476.67 million in 2010. The restated amount of commission and exchange gain was Taka 785.35 million in 2011 compared to Taka 642.57 million of previous year.

1.3.2 Expenses:

The total expenditure was Taka 6,476.70 million in 2011 compared to Taka 4,403.49 million in 2010. Total expenditure was increased due to increase of interest expenditure and salary and allowances for promotion, increment and appointment of employees to support expansion of the Bank. Higher Interest expenses were resulting from increased interest expenses for increase of deposit and mobilizing deposit at higher interest rates as the deposit market was very tight and competitive. Besides, rent, electricity and insurance, stationery, printing and advertising contributed to such increase. Hiring of space for 11 new branches also contributed to increase of rental expenditure.

1.3.3 Contribution to Exchequer

From the very inception, BASIC Bank has been posting earning and paying income tax to the Government. The cumulative figure of contribution to the Government exchequer by way of corporate tax up to December 31, 2011 amounted to Taka 5987.61 million, which is almost 75 times the amount of original paid-up capital of the Bank.

1.3.4 Trade Financing (Export/Import):

The Bank managed total import business of Taka 47,087.80 million and export business of Taka 33,061.10 million in 2011 compared to Taka 42,205.80 million and Taka 23,998.47 million in 2010 respectively. Major items of exports were ready made knit & woven garments, sweater, jute & jute products, leather and leather goods, handicrafts, potatoes and frozen food etc. Items of import included mainly industrial raw materials, garments accessories, capital machinery, raw cotton, electronic consumer goods, chemicals, tires and tubes, reconditioned vehicles, bicycle spare parts, poultry feeds and food items such as rice, wheat, maize, garlic, onion, sugar, chilli and other essential commodities.

1.4 Other activities:

1.4.1 Branch Network

A substantial amount of investment for developing the physical resource base of the Bank has been made. BASIC Bank has its presence in all the major industrial and commercial centers of Bangladesh in order to cater the needs of industry and trade. In 2011 the bank expanded its operation significantly by opening 11 new branches. At the end of 2011, there were 45 (forty five) conveniently located branches throughout Bangladesh being 13 branches in the capital city of Dhaka, 8 in Chittagong city, 2 in Khulna city and one each in Gazipur, Mawna, Narayanganj, Narsingdi, Madhabdi, Rajshahi, Saidpur, Bogra, Jessore, Tungipara, Sylhet, Moulvibazar, Comilla, Barisal, Sirajganj, Belkuchi, Rangpur, Kushtia, Chandpur, Faridpur, Fakirhat and Chitolmari. The bank has already expanded its operation in 21 branches. We are also expecting to open 32 new branches including 01 overseas branch in Kolkata and 05 exchange houses in abroad. Besides these, the bank has 03 (three) bill collection booths at Ramna , Sher-e-Bangla Nagar and Gulshan Exchange Office of BTCL, Dhaka. The Bank has an arrangement with Western Union for obtaining foreign currency remittances. The bank started ATM operation in 2008 with 5(five) ATM booths and membership of Q-Cash net work (payment gateway) of over 600 ATMs. The bank is expecting to introduce more ATMs in 2012.

1.4.2 Risk Management

The banking business has always been a business operating within an environment involving various risks with varied degree of uncertainty. In this backdrop, the management has established a formal program for managing different risks faced by the Bank. Considering the present nonperforming loan position of the country, BASIC Bank is very much cautious about its investment. Every loan proposal is placed under careful scrutiny before approval. Proposals of large amount of loans need approval of the Board of Directors. Credit Administration Division ensures documentation before disbursement. Internal control and compliance mechanism is designed to ensure

proper due diligence being observed in assignment, approval, disbursement and recovery of loans and advances.

Management regularly reviews the Bank's overall assets and liabilities position and makes necessary changes in its mix as and when required. The Bank also has a liquidity policy to ensure financial flexibility to cope with unexpected future cash demands under its ALM guidelines. To manage the risks efficiently and effectively Bank has been continuously adhering to all instructions and guidelines of Bangladesh Bank issued under Core Risk Management, Anti Money Laundering, Credit Risk Grading (CRG), Risk Based Capital Adequacy Framework (BASEL-II), SRP and Stress Testing etc.

1.4.3 Head office and Board of Directors

The responsibility of making policies and operational guidelines is vested with the Board of Directors. The Board of the bank is nominated by the Ministry of Finance, Bank and Financial Institutions Division, Government of the Peoples Republic of Bangladesh and consists of Government officials, professionals, academicians and businessmen. The Managing Director is the Chief Executive of the Bank who is an ex-officio member of the Board. One Additional Managing Director, Four Deputy Managing Directors and Eleven General Managers are acting under him along with 24 Divisions performing daily operational activities of the Bank. The Managers of the branches are responsible functionally to the Head Office.

1.4.4 Human Capital Management:

BASIC has a well-diversified pool of human resources, which entails personnel with high academic background. Also, there is a positive demographic characteristic. Most employees are comparatively young in age yet mature in experience. As at the end 2011 the total number of employee was 1132.

The Bank follows a strict recruitment policy in order to ensure that only the best candidates are recruited. For fresh recruitment, comprehensive written test and viva voce are being conducted through the renowned institutions like IBA, BIBM,

BIM etc. The Bank, so far, has recruited seven batches of entry-level management staff, all of whom have got excellent academic background. In 2011 the bank recruited 125 fresh employees (except sub staffs) at various grades from different academic background.

Intensive training program, on a regular basis, is being imparted to employees of all levels to meet the challenges in the banking industry and to help employees to adapt the changes and new working conditions. Bank believes that human resource is the main driving force and quality human resources are the key sources for the success in today's banking business. Keeping this view in mind and recognizing the importance of training for professional excellence, BASIC Bank established its own training cell in 2005 with modern facilities. In 2011 the cell arranged 29 training courses and provided training to as many as 608 employees of the bank. Bank also sends its employees to BIBM and other local and foreign institutions with a view to enhancing and sharpening their knowledge base. During the year 2011 a total of 114 employees of the Bank were also provided with training in various fields in BIBM and other institutions.

BASIC, the only state owned bank, providing real-time on-line banking services.

1.4.5 Automation

The Bank has been providing computerized banking service to all its customers since its inception. To provide all modern banking services especially Information Technology based services and accelerate the speedy and accurate account ledger maintenance and to make available all potential international banking products, all the branches of the bank is already providing real time on-line services. Besides, Online CIB, EDW, BACH and MICR related services are also accommodated in our online banking services. It is expected that in 2012 the bank will introduce new IT based

products and serve its customers through the new system including ATM and internet banking facilities.

1.4.6 Introducing Consumer Loan Schemes:

Consumer financing market is one of the fastest growing avenues around the globe and has become a key driving force in the financial marketplaces today. Bankers have emerged in recent decades to become dominant providers of credit to individuals and families. It has been observed that many banks and financial institutions in the country and abroad have engaged themselves in Consumer Financing since long. This has become popular and response from the market is significant. As such, the Board of Directors of the bank has already approved the following consumer loan schemes which will be implemented gradually:

- (i) BASIC Alternative Power Generation System (Solar) Financing Scheme
- (ii) BASIC Expatriate Loan
- (iii) BASIC Professional Loan

Besides, the management of the bank also decided to introduce the following products gradually after getting Board's approval:

- (i) Generator Financing for Individual
- (ii) Education Loan Scheme
- (iii) Vehicle Loan BASIC Employees
- (iv) Salary Gain Scheme
- (v) Meet the Need

1.4.7 Introducing new Saving Products:

BASIC Bank always values highly the needs of people. To fulfill the savings desire of people/clients, we always think to develop and present innovative products. In line with these objectives we are planning to develop some innovative deposit products that will meet the saving necessity of the common people and at the same time Bank will mobilize individual level deposits to increase loanable fund to make more investment in the productive sector that will ultimately contribute to overall economic development of the country. Keeping this view in mind BASIC Bank has introduced the following deposit products to cater the saving needs for a rainy day of the common people:

- 1. BASIC Double Benefit Scheme.
- 2. BASIC Fortune Plus
- 3. BASIC Premium Plus Current Account
- 4. BASIC Monthly Benefit Scheme.
- 5. BASIC School Banking Scheme

2. Future Strategies:

2.1 Launching of deposit Products:

BASIC Bank always strives to introduce new products to satisfy the needs of different strata of people and we are on the verge of launching the following Deposit Products:

- 1. Reality Pension Scheme
- 2. BASIC Marriage Deposit Scheme
- 6. BASIC Education Deposit Scheme
- 7. Hajj Deposit Scheme

2.2 Other Strategies:

We expect to continue maintaining strong competitive edge in banking sector in Bangladesh in the years ahead. Through our specialization and integrated approach, we aim to build a strong position in the industrial development of Bangladesh. The Bank has the following strategies to increase the stakeholders' value and contribute to the overall economy of the country:

- As per its mandate, the Bank will continue to emphasize on small and medium enterprise financing for alleviating poverty, generating employment and increasing the Gross Domestic Product of Bangladesh.
- To make available the superior banking service with low cost loans and advances in line with the pace of industrial development of Bangladesh to the door steps of general mass, the bank will open one branch in each district head quarter gradually with on-line banking facility and innovative banking products.

Green Banking in BASIC Bank

BASIC Bank believes that green banking ensures sustainable development and preservation of resources for next generation. All of its activities always have been propelled to take care of people and planet, then profit. Green Banking is a part of international initiative. Governments and central banks have been undertaking initiatives and formulating directives to support green banking activities. Global warming, climate change, greenhouse effect, air pollution, water pollution, waste disposal all these have negative impact to the environment. BASIC Bank being socially and environmentally responsible bank has been improving its own standard and also contributing to build up socially responsible business. Green Banking ensures contribution to the transition to resource efficient and low Carbon industry.

The focal point of Green Banking for BASIC Bank is the concern for Environment. Environment in Bangladesh has been deteriorating due to land degradation, deformation of natural water reservoirs, air pollution, bio-diversity of resources, and other external environmental impact such as carbon emission from developed countries, natural disasters.

BASIC Bank has taken initiative at the very beginning to implement green banking and formulated its Green Banking policy approved by the Board of Directors. This policy has been circulated to all Branches & all users in the Bank. A high powered committee comprising of Directors from the Board (Executive Committee) has been vested with responsibilities for taking care of Green Banking issues of the Bank. A Green Banking Policy Implementation unit (GBPIU) has been dedicatedly working.

Green Banking in BASIC Bank

Bangladesh Bank directed to all banks to implement Green Banking in 03 phases divided into 03 years as under:

- 1. First phase Within 31-12-2011 (Already completed by BASIC Bank)
- 2. Second phase Within 31-12-2012 (Activities is underway)
- 3. Third phase Within 31-12-2013

The bank has stepped into green finance and already financed twenty one projects with project loan & working capital out of which sixteen numbers are ETP (Effluent Treatment plant), five are Brick fields using two HHK (Hybrid Hoffman Kiln) & three are Zigzag kiln technology (as of 31-12-2011).

About one hundred fifty employees have been trained on Green Banking which includes all Executives of the Bank. The Bank has kept budgetary provision of 5% in the expenditure budget for the year 2012 to address: a) green finance, b) climate risk & c) marketing and capacity building.

As a part of in-house environmental management, awareness building program/ plan is set forth for Branches and Head Office Divisions- i.e. to take measures to save electricity, water, paper and stationary consumption in the line of Bangladesh Bank's guidelines.

The Bank is complying with the instruction stipulated in the detailed guidelines on Environmental Risk Management (ERM) of Bangladesh Bank in consideration of a part of the Green Banking policy.

All of its forty nine Branches are running with online operation mode. Appropriate disclosure and reporting of Green Banking activities to Bangladesh Bank and through Bank's web site is being made regularly (www.basicbanklimited.com/ Green_Banking.php). BASIC Bank exerts utmost effort to implement Green Banking and always eager to embrace latest technology and methods

to ensure eco-friendly banking operation. BASIC Bank believes that green banking ensures sustainable development and preservation of resources for next generation. All of its activities always have been propelled to take care of people and planet, then profit.

CSR Activities of BASIC Bank

A cheque of Tk.1.00 lac is being handed over to Mr. Md. Md. Kamal Hossain, Senior Officer of Sonali Bank Ltd. for the treatment of his leukemia affected baby by Mr. Sheikh Abdul Hye Bacchu, Chairman of the Bank in presence of members of the Board of Directors.

The concept of Corporate Social Responsibility (CSR) was considered in the early part of the 20th century but it received enormous impetus in the early 1950s. Primarily CSR starts with the consideration of social implications by any body corporate which is ultimately reflected through its initiatives towards betterment of the disadvantaged peoples of a society. As a stakeholder of the society, the Bank is keen to augment CSR activities gradually in the days to come. As such in broadly defining, CSR refers to the voluntary role of business towards building a better society and cleaner environment beyond its financial commitments and regulatory obligations. Considering importance of CSR, Bangladesh Bank since June 2008 officially started encouraging towards mainstreaming CSR in banks and financial institutions of Bangladesh.

We, at BASIC Bank Limited passionately believe that a better society is fundamental precondition for a better business environment. As such, CSR is viewed as one of the core corporate values of the Bank. As we all know, United Nations set eight goals (popularity known as Millennium Development Goals, such as eradicate extreme poverty and hunger, achieve universal primary education, promote gender equality & empower women, reduce child mortality, improve maternal health, combat HIV/AIDS, malaria and other diseases, ensure environmental sustainability and develop a global partnership for development) in its millennium summit held at the UN Head Quarters, New York, USA in 2000 and Bangladesh is one of the signatories to achieve those goals by 2015. As such, we have aligned our CSR activities partially with

those goals. Some of our CSR activities involved are summarized below:

Poverty Alleviation

It is globally accepted that the Non-Government Organizations (NGOs) have been performing a laudable role in poverty alleviation across the globe, especially in Bangladesh. With a view to widen the access to finance by the poor and ultra poor community, BASIC Bank Limited has been financing NGOs for quite since 1995 at privileged rates of interest (between 7.00% and 13.00%). So far we have financed 65 NGOs of various categories and capacities from small to large and also from local/regional to national/international. Such activities also contributed to generation of income and employment as well.

Women Empowerment

As half of our population is woman, a sustainable national progress can't be attained, if women are left aside. Therefore, they should progressively be brought to the mainstream of our development activities. Considering this reality the bank has been mobilizing credit facilities to the capable women entrepreneurs at a reduced rate of interest. So far we have financed several woman entrepreneurs and it will gain due momentum in the days to come.

Our Concern for the Environment

Today our planet is exposed to a severe environmental catastrophe than ever before. As a humble effort to reduce environmental pollution, we have financed 26 CNG refueling stations. Again, most of our office vehicles have already been converted to CNG fueling system. Use of CNG fuel also helps save hard earned foreign currency. Environmental issues are taken into account while assessing credit proposal for the industrial projects.

Sports and Cultural Activities

During the year 2011, the Bank extended financial support Tk.1.00 crore each to Sheikh Russel Krira Chakra and Sheikh Jamal Dhanmondi Club towards development of games and sports. The Bank also contributed Tk.5.00 lac for making documentary on Bangabandhu Sheikh Mujibur Rahman, the father of the nation, viewing tribute and homage to him.

Primarily CSR starts with the consideration of social implications by any body corporate which is ultimately reflected through its initiatives towards betterment of the disadvantaged peoples of a society. As a stakeholder of the society, the Bank is keen to augment CSR activities gradually in the days to come.

In the year 2011, an amount of Tk.8.00 lac was contributed for making documentary exhibition and archive of scarce footage of our great independence war. The Bank also contributed Tk.10.00 lac to Bangladesh Table Tennis Federation in the year 2011. The Bank has been one of the patrons for the Baishakhi Fair arranged by Bangladesh Small and Cottage Industries Corporation (BSCIC) to encourage the development of small and cottage industries since 2005. In the year 2011, the Bank sponsored Tk.4.00 lac to arrange Baishakhi Fair. The Bank also sponsored 25th to 31st National Junior Chess Championship by contributing Tk.1.00 lac in each year. It was a privilege and honor for the Bank to work with the 11th SA Games held since January 29, 2010 to February 09, 2010 in Dhaka as a co-sponsor by contributing Tk.1.00 crore to Bangladesh Olympic Association.

BASIC has been patronizing the Handball Federation by arranging BASIC Bank Limited Interdistrict National Women Handball Tournament. The

Bank also sponsored the National & International BASHAAP Championship in 2008. In the year 2010, BASIC Bank Limited donated Tk. 0.50 lac to Kabitalap for holding a program marking its 30 years anniversary. Education

During 2011, the Bank distributed Tk.5.00 lac among the meritorious students of Gopalganj Zilla Samity. In 2010, BASIC Bank Limited donated a fund of Tk.50.00 lac to the aggrieved families of the two late secretaries of the Government of Bangladesh for maintaining the educational expenditure of their children. Besides, the Bank also contributed a fund of Tk.5.00 lac to the daughters of late Chapa Rani Bhowmik for their education purpose. In 2009 BASIC Bank Limited donated Tk.2.00 lac to Bangladesh Asiatic Society for publishing Bengali version of the largest National encyclopedia of Bangladesh. In publishing the first edition (English version) of the encyclopedia, BASIC Bank Limited donated Tk.5.00 lac as well. 'BASIC Bank Limited Gold Medal' was introduced in collaboration with the Banking Department, University of Dhaka for the students of the department with outstanding academic achievements. With a view to provide a smooth interface between student life and professional life, we offer internship facility to the BBA and MBA students of different universities with commendable academic records after completion of all other academic requirements. In the year 2010, a huge numbers of interns were granted the opportunities to groom with us in a truly professional, dynamic and challenging corporate

Promotion of Entrepreneurship

The promoters of the Bank envisaged fostering entrepreneurship amongst the potential, new and small entrepreneurs and generating employment through financing Small and Medium Scale Industries (SMIs) towards industrialization actually needed for economic growth of the country. Keeping the dream in mind, we never ran after the so-called blue chips (the established and larger corporations) towards profit maximize of the Bank. Rather, we always remained stick to the triple bottom line: People, Planet & Profit and focused attention to the SMIs which is ultimately promotion of SMEs. In this way, a lot of entrepreneurs have grown with us through which employment opportunities are created for a large number of people.

Health Care Program

Access to healthcare facilities is one of the fundamental rights of every human being. However, most of our people, especially the underprivileged group has little or no access to

The Bank has an active plan to establish a charitable organization in the name of "BASIC Bank Foundation" to augment CSR activities through expanding both nature and magnitude towards implementation of social obligations in an organized manner for a better Bangladesh.

health care facilities. As such, BASIC Bank Limited is committed to assist those poor people, who have no way to secure basic treatment. In the year 2011, the Bank distributed about Tk.3.00 lac amongst different disadvantaged individuals. The Bank also paid Tk.1.00 lac to Mr. Md. Kamal Hossain, an employee of Sonali Bank, for his ailing baby suffering from leukemia. In the year 2010, the Bank patronizes some organizations, which work for improvement of public health. Also in 2009 the bank donated SANDHANI & Lions Eye Hospital in organizing their free treatment campaign held at different places across the country. The Bank also extended its assistance to some acid victims directly.

Awareness Building

Generation of awareness is a very useful tool to combat social evils, like drug addiction, smoking, pollution, terrorism, population etc. For this purpose, the Bank has continue to display banner, festoon sticker, display board and use such other communication channels for discouraging drug, smoking, pollution, population growth etc. The Bank kept continued such awareness building activities for the year 2011. In 2010, the Bank donated a sum of Tk.0.50 lac to Sundarban Supporters Committee for creating awareness to elect Sundarban as the new eleven Wonders of the World · Earlier, the Bank published such sticker and display banners and festoon in observance of the National Family Planning Day - 2010, the World Environment Day-2010, the National Tree Plantation Week - 2010 and the National Fisheries Day-2010.

BASIC Bank Limited Notes to the Financial Statements for the year ended 31 December 2011

1.1 Status of the Bank

The BASIC Bank Limited ("the Bank") was incorporated as a banking company under the Companies Act, 1913. In 2001 the Bank changed its earlier name ' Bank of Small Industries and Commerce Bangladesh Limited' and registered the new name with the Registrar of Joint Stock Companies. Initially the Bank started its operation as a joint venture enterprise of the then BCC foundation, a welfare trust in Bangladesh and the Government of People's Republic of Bangladesh. On 4 June 1992 the Government of Bangladesh took over 70% shares held by the then BCC Foundation and became the sole owner of the bank. It operates with 45 branches in Bangladesh. The registered office of the company is located at 73 Motijheel C/A, Dhaka-1000.

1.1.1 Objectives

The principal activities of the Bank is unique in blending development financing and commercial banking. The Memorandum and Articles of Association of BASIC Bank Limited stipulate that at least fifty percent of its loanable fund shall be used for financing Small and Medium Scale Industries.

1.2 Significant accounting policies and basis of preparation of financial statements

1.2.1 Basis of accounting

Statement of compliance

The financial statements of the Bank are made up to 31 December 2011 and are prepared under the historical cost basis, except for the assets and liabilities which are stated at fair value and in accordance with the "First Schedule (Sec-38) of the Bank Companies Act, 1991, BRPD Circular # 14 dated 25 June 2003, BRPD Circular # 15 dated 09

November 2009 and DFIM Circular # 11 dated 23 December 2009, other Bangladesh Bank Circulars, International Accounting Standards and International Financial Reporting Standards adopted by the Institute of Chartered Accountants of Bangladesh titled as "BAS", Companies Act, 1994, the Securities and Exchange Rules 1987, Dhaka & Chittagong Stock Exchanges listing regulations and other laws and rules applicable in Bangladesh. All Inter-branch account balances and transactions among the head office and the branch have been taken into accounts.

The accounting policies and methods of computation used in the preparation of the financial statements for the year ended 31 December 2011 are consistent with those adopted in Bangladesh.

1.2.2 Use of estimates and judgments

In the preparation of the financial statements management required to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

1.2.3 Foreign currency transaction

a) Foreign currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Bank operates, i e. the functional currency. The financial statements of the Bank are presented in Taka which is the Bank's functional and presentation currency.

b) Foreign currencies translation

Foreign currency transactions are converted into equivalent Taka using the ruling exchange rates on the dates of respective transactions as per BAS-21" The Effects of Changes in Foreign Exchange Rates". Foreign currency balances held in US Dollar are

Notes to the Financial Statements

converted into taka at weighted average rate of inter bank market as determined by Bangladesh Bank on the closing date of every month. Balances held in foreign currencies other than US Dollar are converted into equivalent US Dollar at buying rates of New York closing of the previous day and converted into Taka equivalent.

c) Commitments

Commitments for outstanding forward foreign exchange contracts disclosed in these financial statements are translated at contracted rates. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Taka terms at the rate of exchange ruling on the date of giving commitment or taking liability.

d) Translation gains and losses

The resulting exchange transaction gains and losses are included in the profit and loss account.

1.2.4 Statement of cash flows

Statement of cash flows has been prepared in accordance with the Bangladesh Accounting Standard 7 " Statement of Cash Flows" under direct method as recommended in the BRPD Circular No. 14 dated 25 June 2003 issued by the Banking Regulation & Policy Department of Bangladesh Bank.

- Balance with other Banks and financial institutions, money at call and short notice, etc. are on the basis of their maturity term;
- ii) Investments are on the basis of their respective maturity;
- iii) Loans and advances / investments are on the basis of their repayment schedule;
- iv) Fixed assets are on the basis of their useful lives:
- v) Other assets are on the basis of their realization / amortization;
- vi) Borrowing from other Banks, financial institutions and agents, etc are as per their maturity / repayment terms;

- vii) Deposits and other accounts are on the basis of their maturity term and past trend of withdrawal by the depositors;
- viii) Provisions and other liabilities are on the basis of their payment / adjustments schedule.

1.2.6 Reporting period

These financial statements cover one calendar year from 01 January 2011 to 31 December 2011.

1.2.7 Offsetting

Financial assets and financial liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

1.3 Assets and basis of their valuation

1.3.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bangladesh Bank and highly liquid financial assets which are subject to insignificant risk of changes in their fair value, and are used by the Bank management for its short term commitments.

1.3.2 Loans, advances and lease / investments

- Loans and advances are stated in the balance sheet on gross basis.
- b) Interest is calculated on a daily product basis but charged and accounted for on accrual basis. Interest on classified loans and advances is kept in suspense account as per Bangladesh Bank instructions and such interest is not accounted for as income until realized from borrowers. Interest is not charged on bad and loss loans as per guidelines of Bangladesh Bank. Records of such interest amount are kept in separate memorandum accounts.
- c) Commission and discounts on bills purchased and discounted are recognized at the time of realization.
- d) Provision for loans and advances is made on the basis of year-end review by the management following instructions contained in Bangladesh Bank BCD Circular no. 34 dated

ANNUAL REPORT 2011

Notes to the Financial Statements

16 November 1989, BCD Circular no. 20 dated 27 December 1994, BCD Circular no. 12 dated 4 September 1995, BRPD Circular no. 16 dated 6 December 1998, BRPD Circular no. 9 dated 14 May 2001, BRPD Circular no. 02 of 15 February 2005, BRPD Circular no. 09 of 20 August 2005, BRPD Circular no. 17 dated 06 December 2005 and BRPD circular no. 32 dated 27 October 2010. The provision rates are given below:

| Particulars | Rate |
|--|------|
| General provision on unclassified general loans and advances | 1% |
| General provision on unclassified small enterprise financing | 1% |
| General provision on unclassified loans for housing finance, loans for professional to set-up business and loans to share business | 2% |
| General provision on unclassified consumer financing other than housing finance, loan for professionals and loans to share business | 5% |
| General provision on special mention account | 5% |
| Specific provision on substandard loans and advances | 20% |
| Specific provision on doubtful loans and advances | 50% |
| Specific provision on bad / loss loans and advances | 100% |

- Loans and advances are written off to the extent that (i) there is no realistic prospect of recovery, (ii) and which have been classified as bad & loss for the last 05 years and for which 100 % provision have been kept as per BRPD circular # 02, dated January 13, 2003 of Bangladesh Bank. These write off however will not undermine / affect the claim amount against the borrower. Detailed memorandum records for all such write off accounts are meticulously maintained and followed up.
- Amounts receivable on credit cards are included in advances to customers at the amounts expected to be recovered.

As per BRPD circular no. 5 dated 5 June 2006 & BRPD circular # 32, dated October 27, 2010 a general provision at 1% to 5% under different categories of unclassified loans (good/ standard loans) has to be maintained. However such general provision cannot satisfy the conditions of provision as per IAS 37. At the year end the company has recognized an accumulated general provision of Tk. 596.17 million in the balance sheet under liabilities as per Bangladesh Bank's requirement.

1.3.3 Investments

All investment securities are initially recognized at cost, being fair value of the consideration given, including acquisition charges associated with the investment. Premiums are amortized and discounts accredited, using the effective yield method and are taken to discount income. The valuation method of investments used are:

Held to Maturity (HTM)

Investments which have 'fixed or determinable payments', and are intended to be 'held to maturity', other than those that meet the definition of 'held at amortized cost-others' are classified as held to maturity. Investment (HTM)-BHBFC is shown in the financial statements at cost price.

Held for Trading (HFT)

Investments classified in this category are acquired principally for the purpose of selling or repurchasing -in short-trading or if designated as such by the management. After initial recognition, investments are measured at fair value and any change in the fair value is recognized in the statement of income for the period in which it arises. These investments are subsequently revalued at current market value on weekly basis as per Bangladesh Bank Guideline. Revaluation gain has been shown in revaluation reserve account & revaluation loss has been shown in Profit & Loss account.

Value of investments has been enumerated as per DOS Circular no. 05 dated 26 May 2008 as follows:

| Items | Applicable accounting value |
|--|---|
| Government treasury bonds-HTM | Amortized value |
| Government treasury bonds-HFT | Market value |
| Prize bond | At cost |
| House Building Finance Corporation Debenture | At redeemable value |
| Shares (private) | At cost or market value at the Balance Sheet date |
| | whichever is lower |

Investment in listed securities

These securities are bought and held primarily for the purpose of selling them in future or hold for dividend income. These are reported at cost. Unrealized gains are not recognized in the profit and loss account. But provision for diminution in value of investment has been made properly.

Investment in unquoted securities

Investment in unlisted securities is reported at cost under cost method.

Other Investments

Other investments like HBFC debenture & prize bond are also eligible for SLR, HBFC debentures are valued at redeemed value & prize bond are shown at cos.

As per BRPD circular no. 14 dated 25 June 2003 investments in guoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment as per DOS Circular # 04, dated 20 November 2011 of Bangladesh Bank, banks are allowed to kept provision by netting off unrealized gain or loss on the basic of market value of shares. As such the company measures and recognizes investment in guoted and unquoted shares at cost if the year end market value (for quoted shares) and book value (for unquoted shares) are higher than the cost. At the year-end the company's market value and book value of quoted and unquoted shares was higher than cost price by Tk. 22.55 crore. However as per requirements of BAS 39 investment in shares falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value at the year-end is taken to profit and loss account or revaluation reserve respectively.

According to DOS circular no. 05 dated 26 May 2008 and subsequent clarification in DOS circular no. 05 dated 28 January 2009 loss on revaluation of Government securities (T-bill/T-bond) should be charged in profit and loss account, and gain on such revaluation should be recorded under Revaluation Reserve Account. At the year end the company has accumulated revaluation gain for T-bonds. However as per requirement of BAS 39, such T-bills and T-bonds will fall under the category of "held for trading" and "held to maturity" where any change in the fair value of held for trading is recognized in profit and loss account, and amortized cost method is applicable for held to maturity using an effective interest rate.

1.3.4 Property, plant and equipment

Property, plant & equipment are recognized if it is probable that future economic benefits associated with the assets will flow to the Bank and the cost of the assets can be reliably measured.

- a) All fixed assets are stated at cost less accumulated depreciation as per BAS-16 " Property, Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the asset to its working condition.
- b) The Bank recognizes in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that the future economic benefits embodied with the item will flow to the company.
- c) Depreciation is charged for the year at the following rates on reducing balance method on all fixed assets other than vehicles, software and all fixed assets of ATM related on which straight line depreciation method is followed:

ANNUAL REPORT 2011

Notes to the Financial Statements

| Category of fixed assets | Rate | Method of Depreciation |
|--------------------------|------|--|
| Furniture and fixtures | 10% | Reducing balance method |
| Machinery and Equipment | 20% | Reducing balance method |
| Computer and Copier | 20% | Straight line method |
| Vehicles (straight line) | 25% | Straight line method |
| Leasehold buildings | | Straight line method over the leasehold period |

- d) For additions during the year, depreciation is charged for the remaining days of the year and for disposal depreciation is charged up to the date of disposal.
- On disposal of fixed assets, the cost and accumulated depreciation are eliminated from the fixed assets schedule and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sale proceeds.
- Leasehold floor area in Sholoshahar, Chittagong are treated as operating lease as the legal title of the floor area will not passes to the Bank at the end of the lease term thus the Bank has charged rentals to the income statement on a straight line basis over the lease term as per BAS 17.

1.3.5 Intangible assets

- a) An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the entity and the cost of the assets can be measured reliably.
- Software represents the value of computer application software licensed for use of the Bank, other than software applied to the operation software system of computers. Intangible assets are carried at its cost, less accumulated amortization and any impairment losses.
 - Initial cost comprises license fees paid at the time of purchase and other directly attributable expenditure that are incurred in customizing the software for its intended use.
- Expenditure incurred on software is capitalized only when it enhances and extends the

- economic benefits of computer software beyond their original specifications and lives and such cost is recognized as capital improvement and added to the original cost of software.
- d) Software is amortized using the straight line method over the estimated useful life of 5 (five) years commencing from the date of the application software is available for use over the best estimate of its useful economic life.

1.3.6 Other assets

Other assets include all balance sheet accounts not covered specifically in other areas of the supervisory activity and such accounts may be quite insignificant in the overall financial condition of the Bank.

1.3.7 Receivables

Receivables are recognized when there is a contractual right to receive cash or another financial asset from another entity.

1.3.8 Inventories

Inventories measured at the lower of cost and net realizable value.

1.3.9 Leasing

Leases are classified as finance leases whenever the 'terms of the lease' transfer substantially all the risks and rewards of ownership to the lessee as per BAS-17 "Leases". All other leases are classified as operating leases as per BAS-17 "Leases". Operating lease are rental agreements and all installments are charged to the income statement.

1.3.10 Non-banking assets:

There are no assets acquired in exchange for loan during the period of financial statements.

1.3.11 Reconciliation of inter-bank and interbranch account

Accounts with regard to inter-bank (in Bangladesh and outside Bangladesh) are reconciled regularly and there are no material differences which may affect the financial statements significantly.

Un-reconciled entries / balances in the case of inter-branch transactions as on the reporting date are not material.

1.4 Share capital

Ordinary shares are classified as equity when there is no contractual obligation to transfer cash or other financial assets.

1.5 Statutory reserve

Bank Companies Act, 1991 requires the Bank to transfer 20% of its current year's profit before tax to reserve until such reserve equals to its paid up capital.

1.6 Deposits and other accounts

Deposits by customers and banks are recognized when the Bank enters into contractual provisions of the arrangements with the counterparties, which is generally on trade date, and initially measured at the consideration received.

1.7 Borrowings from other banks, financial institutions and agents

Borrowed funds include call money deposits, borrowings, re-finance borrowings and other term borrowings from banks. They are stated in the balance sheet at amounts payable. Interest paid / payable on these borrowings is charged to the income statements.

1.8 Basis for valuation of liabilities and provisions

1.8.1 Provision for current taxation

Provision for current income tax has been made as per prescribed rate in the Finance Ordinance, 2011 on the accounting profit made by the Bank after considering some of the add backs to income and disallowances of expenditure as per income tax laws in compliance with BAS-12 "Income Taxes".

1.8.2 Provision for deferred taxation

Deferred tax liabilities are the amount of income taxes payable in future periods in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future periods in respect of deductible temporary differences.

1.8.3 Benefits to the employees

The retirement benefits accrued for the employees of the Bank as on reporting date have been accounted for in accordance with the provisions of Bangladesh Accounting Standard-19, "Employee Benefit". Bases of enumerating the retirement benefit schemes operated by the Bank are outlined below:

a) Provident fund

Provident fund benefits are given to the permanent employees of the Bank in accordance with Bank's service rules. Accordingly a trust deed and provident fund rules were prepared. The Commissioner of Income Tax, Taxes Zone - 8, Dhaka has approved the Provident Fund as a recognized provident fund within the meaning of section 2(52), read with the provisions of part - B of the First Schedule of Income Tax Ordinance 1984. The recognition took effect from 30 September 1995. The Fund is operated by a Board of Trustees consisting at least five members. All confirmed employees of the Bank are contributing 10% of their basic salary as subscription to the Fund. The Bank also contributes equal amount of the employees' contribution. Interest earned from the investments is credited to the members' account on yearly basis.

b) Gratuity fund

The Bank made a provision of gratuity fund at the discretion of the management to provide an employee with financial benefit on his ceasing the Bank's service or in the event of his death to his legal heirs/nominees or successors, in respect of which provision is made annually covering all its permanent eligible employees.

c) Benevolent Fund

The benevolent fund is subscribed by monthly contribution of the employees. The Bank also

contributes to the fund @ 0.5% of profit at the end of the year. The fund is established to sanction grant in the event of death on duty, permanent disabilities of the employees and to provide financial assistance for marriage of his/her dependants.

d) Superannuation Fund

The Bank operates a contributory superannuation fund to give benefit to employees at the time of retirement and also cover group term life insurance. Employees are contributing to the fund monthly and the Bank also contributes a lump sum amount from the profit at the end of the year.

e) Welfare fund

The Bank has been maintaining a welfare fund from profit each year. This fund is utilized for various social activities as part of corporate social responsibility of the Bank.

1.8.4 Provision for liabilities

A provision is recognized in the balance sheet when the Bank has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligations, in accordance with the BAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

1.8.5 Provision for Off-balance sheet exposures

Off-balance sheet items have been disclosed under contingent liabilities and other commitments as per Bangladesh Bank guidelines. As per BRPD Circular # 10 dated 18 September 2007, banks are advised to maintain provision @1% against off-balance sheet exposures (L/C and Guarantee) in addition to the existing provisioning arrangement.

1.8.6 Provision for nostro accounts

As per instructions contained in the circular letter no. FEPD (FEMO) / 01 / 2005-677 dated 13 September 2005 issued by Foreign Exchange Policy Department of Bangladesh Bank, Banks are required to make provision regarding the unreconciled debit balance of nostro account for more than 3 months as on the reporting date in

these financials. Since there is no unreconciled entries which are outstanding more than 3 months then Bank's are not required to make provision.

1.9 Revenue recognition

1.9.1 Interest income

In terms of the provisions of the BAS-18 "Revenue", the interest income is recognized on accrual basis. Interest on loans and advances ceases to be taken into income when such advances are classified. It is then kept in interest suspense. After the loans is classified as bad, interest ceases to apply and recorded in a memorandum account. Interest on classified advances is accounted for on a cash receipt basis.

1.9.2 Investment income

Interest income on investments is recognized on accrual basis. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

1.9.3 Fees and commission income

Fees and commission income arising on services provided by the Bank are recognized on a cash basis. Commission charged to customers on letters of credit and letters of guarantee is credited to income at the time of effecting the transactions.

1.9.4 Dividend income on shares

Dividend income on shares is recognized during the period in which it is declared and ascertained.

1.9.5 Interest paid and other expenses

In terms of the provisions of BAS-1 "Presentation of Financial Statements" interest and other expenses are recognized on accrual basis.

1.9.6 Dividend payments

The proposed dividend for the year 2011 has not been recognized as a liability in the balance sheet in accordance with the BAS-10: Events After the Balance Sheet Date.

Dividend payable to the Bank's shareholders is recognized as a liability and deducted from the shareholders' equity in the period in which the shareholders' right to receive payment is established.

1.10 Risk management

The risk of BASIC Bank Limited is defined as the possibility of losses, financial or otherwise. The risk management of the Bank covers core risk areas of banking viz. credit risk, liquidity risk, market risk that includes foreign exchange risk, interest rate risk, equity risk, operational risk and reputation risk arising from money laundering incidences. The prime objective of the risk management is that the Bank evaluates and takes well calculative business risks and thereby safeguards the Bank's capital, its financial resources and profitability from various business risks through its own measures and through implementing Bangladesh Bank's guidelines and following some of the best practices as under:

1.10.1 Credit risk

It arises mainly from lending, trade financing, leasing and treasury activities. This can be described as potential loss arising from the failure of a counter party to perform as per contractual agreement with the Bank. The failure may result from unwillingness of the counter party or decline in his / her financial condition. Therefore, the Bank's credit risk management activities have been designed to address all these issues.

The Bank has segregated duties of the officers/ executives involved in credit related activities. A separate Corporate Division has been formed at Head Office which is entrusted with the duties of maintaining effective relationship with the customers, marketing of credit products, exploring new business opportunities, etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated. Separate credit divisions have been formed at head office since the inception of the Bank, which are assigned with duties of marketing and assessment of credit products, maintaining effective relationship with the customer and exploring new business opportunities. Another division naming Credit Administration Division (CAD) has also been established to oversee mainly documentation facilities. In line with Bangladesh Bank guidelines the Bank has segregated marketing, approval and monitoring/recovery functions. The credit risk management includes borrower risk analysis, financial statement analysis, industry analysis, historical performance of the customer, security of the proposed credit facility and market reputation of the borrower etc.

The Bank takes its lending decision based on the credit risk assessment report by appraisal team. In determining Single borrower / Large loan limit, the instructions of Bangladesh Bank are strictly followed. Internal audit is conducted at periodical intervals to ensure compliance of Bank's and Regulatory polices. Loans are classified as per Bangladesh Bank's guidelines. Concentration of single borrower / large loan limit is shown in the notes to the financial statements.

1.10.2 Liquidity risk

The object of liquidity risk management is to ensure that all foreseeable funding commitments and deposit withdrawals can be met when due. To this end, the Bank is maintaining a diversified and stable funding base comprising of core retail and corporate deposits and institutional balance. Management of liquidity and funding is carried out by Treasury Division under approved policy guidelines. Treasury front office is supported by a very structured Mid office and Back office. The Liquidity management is monitored by Asset Liability Committee (ALCO) on a regular basis. A written contingency plan is in place to manage extreme situation.

1.10.3 Market risk

The exposure of market risk of the Bank is restricted to foreign exchange risk, interest rate risk and equity risk.

Foreign exchange risk

Foreign exchange risk is defined as the potential change in earnings due to change in market prices. The foreign exchange risk of the Bank is minimal as all the transactions are carried out on behalf of the customers against underlying L/C commitments and other remittance requirements. No foreign exchange dealing on Bank's account was conducted during the year.

Treasury Division independently conducts the transactions and the Back Office of treasury is responsible for verification of the deals and passing of their entries in the books of account. All foreign exchange transactions are revalued at Mark-to-Market rate as determined by the bank as mid rate at the month end and the mid rate is being published by the Treasury Division of the Bank as per approved policy. All Nostro accounts are reconciled on a monthly basis and outstanding entry beyond 30 days is reviewed by the management for its settlement. The position maintained by the Bank at the end of day was within the stipulated limit prescribed by the Bangladesh Bank.

Interest rate risk

Interest rate risk may arise either from trading portfolio or non-trading portfolio. The short-term movement in interest rate is negligible or nil. Interest rate risk of non-trading business arises from mismatches between the future yield of an asset and its funding cost. Asset Liability Committee (ALCO) monitors the interest rate movement on a regular basis.

Equity risk

Equity risk arises from movement in market value of equities held. The risks are monitored by Investment Committee under a well designed policy framework. The market value of equities held was however higher than the cost price at the balance sheet date.

1.10.4 Reputation risk arising from money laundering incidences

Money laundering risk is defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. Money laundering has been identified as a major threat to the financial services community. The management of the Bank has taken prevention of money laundering as part of their risk management strategies. Anti-Money laundering Guideline of the Bank was approved by the Board of Directors of the Bank in its 188th meeting held on 31 January 2006 and subsequently revised and got approved by the Board of Directors of the Bank in its 298 meeting

dated 11 October 2011. For mitigating the risks, the Bank has established a Central Anti-Money Laundering Compliance Unit (CCU). A Deputy Managing Director is acting as Chief Anti-Money Laundering Compliance Officer (CAMLCO) and Deputy General Manager of Establishment Division is working as a head of CCU who works under direct supervision CAMLCO. CCU continuously monitoring and reviewing all anti-money laundering issues. A senior level executive from each branch is working as a Branch Anti-Money Laundering Compliance Officer (BAMLCO). Sound Know Your Customer (KYC) and Transaction Monitoring Policies are in place to recognize the risk associated with accounts.

Bank has completed KYC procedures for the accounts opened prior 30 April 2002. It is the requirement of Bangladesh Bank to report cash transaction of above BDT 7 Lac in a single day in a single account and suspicious transaction as and when detected. ICT division of the Bank has developed software to report the same to Bangladesh Bank. Internal Control and Compliance policies have been implemented to check that an effective Anti-Money Laundering system is in force. Training is continuously given to all levels of Officers and Executives for developing awareness and skill for identifying suspicious activities/ transactions.

1.10.5 Operational risk

Operational risk may arise from error and fraud due to lack of internal control and compliance. Management through Internal Control and Compliance controls operational procedure of the Bank. Internal Control and Compliance Division periodical and special audit of the Branches and Divisions at Head Office for review of the operation and compliance of statutory requirements. The Audit Committee of the Board subsequently reviews the reports submitted after inspection of Branches and Division.

1.10.6 Asset Liability management

Asset Liability Management (ALM) is a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets beyond liabilities. The scope of

ALM function can be described as liquidity risk management, management of market risks, trading risk management, funding and capital planning and profit planning and growth projection etc. Risks in ALM are:

Interest Rate Risk: It is the risk of having a negative impact on a bank's future earnings and on the market value of its equity due to changes in interest rates.

Liquidity Risk: It is the risk of having insufficient liquid assets to meet the liabilities at a given time.

Foreign Exchange Risk: It is the risk of having losses in foreign exchange assets and liabilities due to exchanges in exchange rates among multicurrencies under consideration.

The ALM committee usually makes decisions on financial direction of the Bank. The ALCO's goals are to manage the sources and uses of funds, identify balance sheet management issues like balance sheet gap, interest rate gap etc. ALCO also reviews liquidity contingency plan and implements liability pricing strategy for the Bank.

1.11 ICT Risk Management

ICT risk refers to the potential of ensuring harmful effects that an organization might suffer from intentional or unintentional threats to information and information technology systems. Managing ICT risk is part of running regular operation of the Bank now a day. Failure to manage ICT risk may lead to serious security breaches, financial losses and even business discontinuity. Hence, it is imperative that there should be a mechanism to identify, assess and mitigate ICT risk. BASIC Bank Limited, with the approval of the board, has adopted an ICT policy covering various aspects of ICT risk management. Based on the policy the Bank has taken necessary measures for mitigating ICT risk and impending hazards through implementing proper strategies and processes of identifying, appreciating, analyzing and assessing the same.

1.12 Earnings per share

Basic earnings per share

Basic earnings per share has been calculated in accordance with BAS 33 "Earnings per Share" which has been shown on the face of the profit and loss

account. This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

Calculation of weighted earnings per share

The Bank issued bonus shares to existing shareholders. In order to reflect the bonus element, the number to be used in calculating basic earnings per share, for all periods prior to the bonus issue, is the number of ordinary shares outstanding prior to the bonus issue (time apportioned if necessary) and multiplied by adjusting factor.

1.13 Events after the balance sheet date

Where necessary, all the material events after the reporting period have been considered and appropriate adjustment / disclosures have been made in the financial statements.

1.14 Directors' responsibility on statement

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements.

Memorandum items

Memorandum items are maintained to have control over all items of importance and for such transactions where the Bank has only a business responsibility and no legal commitment. Stock of travelers cheques, savings certificates, wage earners bonds and other fall under the memorandum items

Capital Expenditure Commitment

There was no capital expenditure contracted but incurred or provided for at 31 December 2011 besides, there was no material capital expenditure authorized by the board but not contracted for at 31 December 2011.

1.15 Subsequent Events

There is no other significant event occurred between the Balance Sheet date and the date when the financial statements were authorized for issue by the Board of Directors

1.16 Related party transaction

Related party transaction is a transfer of resources, services or obligation between related parties, regardless of whether a price is charged.

Reason of difference between balance with Bangladesh Bank and DB-5:

The reason of difference between balance with Bangladesh Bank and DB-5 is that the balance of foreign currency clearing account is not shown in DB-5 statement. There were some entries passed by Bangladesh Bank on year ending date but we passed corresponding entries on later date after receiving advice from Bangladesh Bank.

Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio(SLR) 3.3

Cash Reserve Ratio (CRR) and statutory Liquidity Ratio (SLR) have been calculated and maintained in accordance with section 33 of Bank Companies Act, 1991 and of instructions contained in BRPD circular no. 11 and 12 dated 25 August 2005 and MPD circular no. 04 dated 1st December 2010 issued by Bangladesh Bank.

The cash reserve requirement of the Bank calculated @6% of total time and demand liabilities and maintained with Bangladesh Bank in current account, 19% statutory liquidity ratio, including CRR on the same liabilities has also been maintained with Bangladesh Bank in the form of treasury bills, bonds and debentures including foreign currency balances with Bangladesh Bank. Both the resave maintained by the Bank are in excess of the statutory requirements as shown bellow:

*Under multi currency concept an organization maintains different statement of affairs for each currency it deals in including base (BDT) currency and one consolidated statement of affairs of all currencies converted into base currency. In the consolidated affairs all the assets and liabilities in foreign currencies are converted in base currency and presented with other assets and liabilities in base currency. This consolidated affairs reflects the overall position of the bank expressed in base currency. Two GL are

maintained in the bank to account any foreign currency transaction. These GLs are Position GL for foreign currency position and Position Clearing GL. Position GL, accounts for original currency units other than base currency and Position Clearing GL accounts for corresponding value of foreign currency converted into base currency. Position, from the treasury point of view, means the available funds in different currencies with which the bank can trade. As value of any currency undergo change, Position in that currency need to be evaluated from time to time and necessary adjustments are made through these GLs.

Previous year's figures have been adjusted for the issue of 3,929,310 bonus shares and the adjusted EPS is Tk. 28.03.

40. Litigation Pending against Bank

The tax authority has claimed an additional tax amount of Tk 25.17 crore for the FY 2000-01, 2001-02, 2006-07, 2009-10 and 2010-11 which has yet to be settled. However the bank has been maintaining sufficient provision against the stated claim. Besides, the provision for Income Tax which has been made during the year by the bank is also sufficient for the current year tax liability.

41. Coverage of External Audit

The external auditor has covered 80% of the risk-weighted assets and have spent around 4200 hours to complete the audit as per Bangladesh Standards on Auditing (BSA). The external auditor has audited 22 branches and Head office of the Bank.
